

Operation Hero House

A proud sponsor of the 2014 Operation Hero House, Bouhan Falligant felt privileged to work alongside Lamar Smith Signature Homes, a leading builder of quality new homes in Coastal Georgia, to build a brand new custom home for a deserving military veteran. The home is be donated to the Wounded Warrior in honor of his or her service to the United States and to the Coastal Empire.

Lamar Smith, founder and president of Lamar Smith Signature Homes, created this special community-wide project to honor the thousands of brave men and women military service members who willingly sacrificed their lives and the more than 30,000 wounded warriors left disabled due to combat actions during the War on Terror. The veteran will be selected by a committee of military and community leaders, and then the home will be built to help that wounded warrior live more independently.

Bouhan Falligant respectfully salutes all men and women who serve our country.

Rob Brannen, Partner at Bouhan Falligant congratulates Lt. Hank Brady on his new home.
